Weekly Practice offers an effortless way to integrate language arts or math practice into daily classroom instruction. Don Sevcik found a unique way to use his love of math to launch a profitable career and help thousands. It started when he used tutoring math as a diversion from his corporate job. As a result, Don has become one of the world's go-to math tutors and an expert in building a thriving web-based business. This book doesn't just tell you Don's story, it teaches you how to do something similar for yourself. For example: - Read the survey that turned conventional theories of students and math on its head - Discover the lucrative reason why parents should encourage math class results, even if their child is not a math major - Learn the secret that Don has kept for eight years on how to recognize thousands of math problems in a search engine - Understand how to work a side business while at a full-time job Whether you're looking for a great inspirational story, a step-by-step growth guide, or super simple solutions to brain teasers, complex calculations or linear algebra, One Second Math will captivate your attention. Winning the Math Homework Challenge shares students' reasoning, thinking, and even misunderstandings about mathematics to provide you with the opportunity to see math through their eyes, including both the clarity and the confusion. Armed with this new sight, and therefore insight, parents will be able to effectively communicate with their child about math experiences. This book focuses more on the "why" behind math relationships, explained in plain English and through images that show mathematical relationships. Maths homework assignments: Levels 2-7 (RIC044-49) "Everything You Need to Know About Math Homework" provides fourth-to-sixth grade students and their parents with the information they need to complete math assignments. With the help of Dial-A-Teacher, which has operated a telephone help line since 1979, the authors have compiled this math reference guide with easy-to-understand answers to students' most frequently asked questions. No other source offers such a full range of information directly related to the fourth through sixth grade math curriculum. This collection of yummy recipes and fun math facts is sure to tempt taste buds and make you hungry for more. Explore patterns in nature while you chomp on Fibonacci Stack Sticks. Amaze your friends with delicious Variable Pizza Pi! Wash down your geometry assignment with some Milk and Tangram Cookies. Topics covered include probability, Fibonacci numbers, tessellations, variability, and more. **HOMEWORK ASSIGNMENTS PLANNER AND MONTHLY CALENDAR** Organization is the key to success when it comes to your child's homework As teachers, we always feel our class homework and assignments are the most important. Click on our brand name CLD Homework Trackers to buy them. “Perfect for parents who want to understand the different methods to do arithmetic their children are learning—and why they are being taught that way.” —Keith Devlin, award-winning Stanford University mathematician “Can you help me with my math homework?” If this question fills you with fear (or even panic), then Old Dogs, New Math is here to help! Gone are the days when elementary school students simply memorized their times tables and struggled through long division. Today, students are expected not just to find the right answer, but also to use the best method—and to explain why it works. If your attempts to help your child are met with “That’s not how the teacher does it,” then it’s time to take the stress out of math homework. Old Dogs, New Math demystifies Common Core math for parents, including: Number lines, place value and negative numbers Long multiplication and division Fractions, percentages and decimals Shapes, symmetry and angles Data analysis, probability and chance Complete with sample questions, examples of children’s errors, and over 25 games and activities, Old Dogs, New Math will not only help you and your child subtract on a number line or multiply on a grid—but also help you discover math all around you, and have fun doing it!
