Northern Virginia, 1861-1865

We are familiar with the names and deeds of the  
"generals," from the commander-in-chief down to the  
almost innumerable brigadiers, and we are all more or  
less ignorant of the habits and characteristics of the  
individuals who composed the rank and file of the "grand  
armies" of 1861-65. As time rolls on, the historian,  
condensing matters, mentions "the men" by brigades,  
divisions, and corps. But here let us look at the  
individual soldier separated from the huge masses of men  
composing the armies, and doing his own work and duty.  
The fame of Lee and Jackson, world-wide, and as the  
years increase ever brighter, is but condensed and  
personified admiration of the Confederate soldier, wrung  
from an unwilling world by his matchless courage,  
endurance, and devotion. Their fame is an everlasting  
monument to the mighty deeds of the nameless host who  
followed them through so much toil and blood to glorious  
victories. We are familiar with the names and deeds of  
the "generals," from the commander-in-chief down to the

condensing matters, mentions "the men" by brigades, divisions, and corps. But here let us look at the individual soldier separated from the huge masses of men composing the armies, and doing his own work and duty. The fame of Lee and Jackson, world-wide, and as the years increase ever brighter, is but condensed and personified admiration of the Confederate soldier, wrung from an unwilling world by his matchless courage, endurance, and devotion. Their fame is an everlasting monument to the mighty deeds of the nameless host who followed them through so much toil and blood to glorious victories. The weak, as a rule, are borne down by the strong; but that does not prove that the strong are also the right. The weak suffer wrong, learn the bitterness of it, and finally, by resisting it, become the defenders of right and justice. When the mighty nations of the earth oppress the feeble, they nerve the arms and fire the hearts of God's instruments for the restoration of justice; and when one section of a country oppresses and insults another, the result is the pervasive malady, -war! which will work out the health of the nation, or leave it a bloody corpse. The staff system of the Army of Northern Virginia demonstrates one of the peculiar traits of the Civil War. That war occurred on a cusp of military history - it had elements both ancient and modern, and it reflected the struggle of soldiers trying to reconcile the two. Civil War military institutions had their roots firmly planted in the traditions and doctrine of the past while they confronted modern problems. The story of the disconnection between linear tactics that would have been recognizable to either Alexander or Frederick the Great and deadly rifled muskets is familiar. The story of ill-trained and ill-prepared staffs trying to coordinate all the intricate details of a vast, semimodern army operating in a huge theater of war with doctrine and procedures that would soon be if they were

not already outmoded is less familiar. That is the story of staff work in the Army of Northern Virginia. This Civil War classic of soldiering in the ranks debunks all the romantic notions of war. Like his Northern counterpart, the Confederate soldier fought against bullets, starvation, miserable weather, disease, and mental strain. But the experience was perhaps even worse for Johnny Reb because of the odds against him. Never as well equipped and provisioned as the Yankee, he nevertheless performed heroically. Carlton McCarthy, a private in the Army of Northern Virginia, describes the not-always-regular rations, various improvisations in clothing and weaponry, campfire entertainments, the jaunty spirits and the endless maneuvering of the men in gray. Real but forgotten faces are glimpsed momentarily in famous battles, and the tramp of feet on the way to Appomattox is heard. Detailed Minutiae of Soldier Life does for the Confederate side what John Billings's Hardtack and Coffee, also a Bison Book, does for the Northern. David Donald wrote in the New York Herald Tribune that McCarthy's book, too, was "as fresh, as amusing, and as revealing" as the day it was first published in 1882. In a new introduction Brian S. Wills considers the book's niche in Civil War literature. Excerpt from Army Life of Frank Edwards, Confederate Veteran: Army of Northern Virginia, 1861-1865 I will not undertake to give you the history as I saw it, of all the battles. I have heard a great many say the yankees never fought, but I tell you they never failed where I was. I was always ready to let go. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the

original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. Join William C. Connery as he recounts the notable events and battles that occurred in Northern Virginia in 1861 after the firing on Fort Sumter. Beginning in May 1861, both the Confederate and Union armies assembled in Northern Virginia as politicians were deciding how and where the Civil War would be fought. Several months passed as both armies maneuvered and attempted to complete reconnaissance on the other. During this early time, the first officers on both sides were killed; Mount Vernon was declared neutral territory; the Confederate battle flag was adopted; and the first real battles of the war took place in Northern Virginia. "An absolute gem of a history" for the Confederacy's Branch-Lane North Carolina Brigade: "His clear and engaging narrative keeps the reader entranced" (Thomas G. Clemens, editor of *The Maryland Campaign of 1862*). This storied brigade was first led by Lawrence Branch, and then by James Henry Lane, and served with Lee's Army of Northern Virginia for its entire existence. These Tar Heels fought in nearly every major battle in the Eastern Theater, including the Seven Days' Battles, Second Manassas, Sharpsburg (where Branch was killed), Fredericksburg, Chancellorsville (where its members mistakenly shot Stonewall Jackson), Gettysburg (including Pickett's Charge), the Wilderness, Spotsylvania, North Anna, Cold Harbor, the Petersburg Campaign, and the final retreat to Appomattox. Originally part of A. P. Hill's famous "Light Division," the brigade earned high plaudits for its disciplined defensive efforts, hard-hitting attacks, and incredible marching abilities. Its heavy combat exposure, however, resulted in devastating losses. By war's end, its roll

call of casualties far exceeded its number of survivors. Michael Hardy's *General Lee's Immortals* is based upon years of study and grounded on an impressive foundation of sources, which allows the men to speak for themselves as they describe their time in camp, endless hardships, long marches, bloody battles, increasing hunger, and much more. In addition to a dozen original maps, *General Lee's Immortals* also includes scores of rare photos—many of which were previously unpublished—all of which enhance this well-written and engrossing account.

"Combining rigorous research and an innovative organization, *General Lee's Immortals* demonstrates what an exceptional unit history can teach us about the Civil War." —*The Civil War Monitor* Two decades after the end of the Civil War, former Confederate officer Riddick Gatlin bewailed the lack of a history of the famous Branch-Lane Brigade, within which he had served. "Who has ever written a line to tell of the sacrifices, the suffering and the ending of these more than immortal men?" he said. "Why has the history of that brigade not been written?" With the publication of *General Lee's Immortals: The Battles and Campaigns of the Branch-Lane Brigade in the Army of Northern Virginia, 1861-1865*, Gatlin's long wait is finally over. This storied brigade, first led by Lawrence Branch until his death at Sharpsburg, and then James H. Lane, served with Lee's Army of Northern Virginia during its entire existence. The names emblazoned on its battle flag read like a history of that army, beginning with the Seven Days' Battles and ending with the final roll call at Appomattox. Originally part of A.P. Hill's famous "Light" Division, the Branch-Lane Brigade earned spectacular plaudits for its disciplined defense, hard-hitting attacks, and incredible marching abilities. Its constant position at the front, however, resulted in devastating losses, so that its roll call of casualties by the end of the war far exceeded its number of

survivors. In this deeply researched work we witness the experiences of North Carolina's Branch-Lane Brigade in nearly every major battle fought in the east, including that infamous day at Chancellorsville when its members mistakenly shot Stonewall Jackson. Two months later they were in Pickett's Charge at Gettysburg, and thereafter throughout the titanic battles of 1864. In the meantime we learn of the camp-life and the hard winters of Lee's army. Yet when Lee finally surrendered at Appomattox it was the Branch-Lane Brigade still with him, no longer victors but yet unbowed. Michael Hardy's *General Lee's Immortals* is the first comprehensive history of the Branch-Lane Brigade, and fully meets Captain Gatlin's challenge by setting forth the complete story of these "more than immortal men." His study is based on many years of study and grounded on a vast foundation of sources that relate every aspect of the career of this remarkable fighting command. Once finished, every reader will come to think he has met, marched with, fought beside, and bled with these North Carolinians. The fascinating life of Colonel John Singleton Mosby, the Gray Ghost, before, during, and after the Civil War. The most famous Civil War name in Northern Virginia—other than General Lee—belongs to Colonel John Singleton Mosby, the Gray Ghost. His early life characterized by abuse of childhood bullies, a less-than-outstanding academic career, and even a brief incarceration, Mosby stands out among nearly one thousand generals who served in the war. Even though Mosby was opposed to secession, he joined the Confederate army as a private in Virginia, and quickly rose through the ranks. He became celebrated for his raids that captured Union general Edwin Stoughton in Fairfax and Colonel Daniel French Dulany in Rose Hill. By 1864, he was a feared partisan guerrilla in the North and a nightmare for Union troops protecting Washington City. After the war, his support for presidential candidate Ulysses S. Grant forced Mosby to

leave his native Virginia for Hong Kong as U.S. consul. A mentor to young George S. Patton, Mosby's military legacy extended far beyond the War Between the States and into World War II. William S. Connery brings alive the many dimensions of this American hero. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. The new, amazingly detailed, and thorough guide from the author of The Complete Civil War Road Trip Guide. Although the Civil War was fought across America, the most captivating events for history buffs seem to be those that occurred in the relatively small region surrounding the two wartime capitals, Washington, DC, and Richmond, Virginia. In The Civil War Road Trip: A Guide to Northern Virginia, Maryland, and Pennsylvania, author Michael Weeks takes you on complete tours of every major military campaign in the region during the first two years of the war, from First Manassas in 1861 to Gettysburg in 1863. Weeks has visited every site included here, learning their vibrant stories and driving thousands of miles to bring readers the most accurate information. Detailed directions and maps for your own road trip, along with a blow-by-blow history of each campaign, will guide you to and through some of the war's most critical battlegrounds, including Fredericksburg, Antietam, and the Shenandoah Valley. Travel tips, historic lodging places, and further

sources of information are also included. Fully up to date and thoroughly researched, this guidebook is indispensable for travelers interested in America's history. The crucial Civil War battles in the East—from First Manassas to Antietam to Gettysburg—are described from the point of view of General Robert E. Lee's staff officer, Walter Taylor. Originally published in 1906, *General Lee: His Campaigns in Virginia, 1861-1865* is rich in reminiscences. Working closely with Lee, Taylor prepared reports, delivered messages, and saw the general every day. As postwar controversies swirled, he was often called on to set the record straight. This book is important not only for Taylor's military knowledge but also for his perception of the character of Lee. Others shown under the stress of fire are Stonewall Jackson, James Longstreet, Jeb Stuart, and A. P. Hill. But the true heroes are the Confederate soldiers who fought doggedly, though outnumbered and often poorly provisioned. Well documented and carrying valuable maps of major battlefields, Taylor's book reveals how participants in the Lost Cause chose to remember it. This Bison Books edition is introduced by Gary W. Gallagher, a professor of history at Pennsylvania State University and leading author of books about the Civil War, including *Lee the Soldier* (Nebraska). Join William C. Connery as he recounts the notable events and battles that occurred in Northern Virginia in 1861 after the firing on Fort Sumter. Beginning in May 1861, both the Confederate and Union armies assembled in Northern Virginia as politicians were deciding how and where the Civil War would be fought. Several months passed as both armies maneuvered and attempted to complete reconnaissance on the other. During this early time, the first officers on both sides were killed; Mount Vernon was declared neutral territory; the Confederate battle flag was adopted; and the first real battles of the war took place in Northern

Virginia. During the Civil War, Quaker and abolitionist Jonathan Roberts championed a message of peace and nonviolence. He was a resident of Fairfax County, Virginia, in 1861 at the outbreak of war, and was considered dangerous to the Confederate cause. Roberts, as a Union Scout, would go on to play a vital part in the Union army's ultimate victory over the Confederates in northern Virginia. This banner, the witness and inspiration of many victories, which was proudly borne on every field from Manassas to Appomattox, was conceived on the field of battle, lived on the field of battle, and on the last fatal field ceased to have place or meaning in the world. But the men who followed it, and the world which watched its proud advance or defiant stand, see in it still the unstained banner of a brave and generous people, whose deeds have outlived their country, and whose final defeat but added lustre to their grandest victories. It was not the flag of the Confederacy, but simply the banner, the battle-flag, of the Confederate soldier. As such it should not share in the condemnation which our cause received, or suffer from its downfall. The whole world can unite in a chorus of praise to the gallantry of the men who followed where this banner led. Excerpt from Detailed Minutiae of Soldier Life in the Army of Northern Virginia, 1861-1865

WE are familiar With the names and deeds of the generals, from the commander-in-chief down to the almost innumerable brigadiers, and we are all more or less ignorant of the habits and characteristics of the individuals who composed the rank and file of the grand armies of 1861 - 65. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. Details a general history of the American Civil War as it was fought between the borders of Virginia. The author touches on political, social, and economic considerations of Virginia at the time as well as the major battles fought in the state. The author also gives biographical information on the major figures of the day. This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1882 edition. Excerpt: ... his blanket and oil-cloth. It made the perspiration start on the brows of the boys to see the man's folly. Then taking off his shoes, he laid down on one edge, took hold of the blanket and oil-cloth, rolled himself over to the other side, and with a kind "good night" to the boys, began to snore. The poor boys stood like statues in the pit till broad day. In the morning the old soldier thanked them for not disturbing him, and quietly proceeded to prepare his breakfast. After the fight at Fisher's Hill, in 1864, Early's army, in full retreat and greatly demoralized, was strung out along the valley pike. The Federal cavalry was darting around picking up prisoners, shooting drivers, and making themselves generally disagreeable. It happened

that an artilleryman, who was separated from his gun, was making pretty good time on foot, getting to the rear, and had the appearance of a demoralized infantryman who had thrown away his musket. So one of these lively cavalymen trotted up, and, waving his sabre, told the artilleryman to "surrender!" But he did n't stop. He merely glanced over his shoulder, and kept on. Then the cavalryman became indignant and shouted, "Halt, d n you; halt!" And still he would not. "Halt," said the cavalryman, "halt, you d n s--of a; halt!" Then the artilleryman halted, and remarking that he did n't allow any man to speak to him that way, seized a huge stick, turned on the cavalryman, knocked him out of his saddle, and proceeded on his journey to the rear. This artilleryman fought with a musket at Sailor's Creek. He found himself surrounded by the enemy, who demanded surrender. He refused; said they must take him; and laid about him with the butt of his musket till he had damaged some of the party considerably. He was, ... This banner, the witness and inspiration of many victories, which was proudly borne on every field from Manassas to Appomattox, was conceived on the field of battle, lived on the field of battle, and on the last fatal field ceased to have place or meaning in the world. But the men who followed it, and the world which watched its proud advance or defiant stand, see in it still the unstained banner of a brave and generous people, whose deeds have outlived their country, and whose final defeat but added lustre to their grandest victories. It was not the flag of the Confederacy, but simply the banner, the battle-flag, of the Confederate soldier. As such it should not share in the condemnation which our cause received, or suffer from its downfall. The whole world can unite in a chorus of praise to the gallantry of the men who followed where this banner led. Alexandria and Northern Virginia were the first areas to feel the fury of the Civil War. The New York Herald war

correspondent observed, "Many hamlets and towns have been destroyed during the war, Alexandria has most suffered. It has been in the uninterrupted possession of the Federals. . . . Alexandria is filled with ruined people; they walk as strangers through their ancient streets, and their property is no longer theirs to possess. . . . these things ensued, as the natural results of civil war; and one's sympathies were everywhere enlisted for the poor, the exiled, and the bereaved." This book graphically portrays the scenes of war and occupation. This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book. To see the introduction, the table of contents, a generous selection of sample pages, and more, visit the website [The Army of Northern Virginia website](#). The Confederate Army of Northern Virginia was one of the greatest fighting formations in history: a combination of an outstanding commander and an excellent fighting force. This book offers an in-depth study of why this formation was so successful against Northern armies, which often had a greater wealth of resources and manpower and some very able leaders. Almost always outnumbered, Lee's forces were able to record a number of notable victories by giving free rein to subordinates and utilizing the fighting qualities of the army's units to the full. Also includes color and black and white maps. This work has been selected by scholars as being culturally important, and

We

appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. This historical work contains the experiences of a Confederate private in General Lee's Army of Northern Virginia during the American Civil War. Its author, Carlton McCarthy, would go on to become mayor of Richmond. The first volume in this comprehensive history of Virginia during the Civil War examines the early phases of secession, struggle and conflict. Several Southern states preceded Virginia in seceding from the Union, but until Virginia joined them in April 1861, the Confederacy lacked cohesion. Richmond was immediately named the capital of the fledgling nation. By the end of spring, Virginia had become the primary political and military theater of the Civil War. The first in a series of five volumes examining Virginia's years as a Confederate state, *Virginia at War, 1861*, vividly portrays the process of secession, the early phases of conflict, and the struggles of ordinary Virginians to weather the brutal storms of war. Essays by eight noted Civil War scholars provide a comprehensive view of Virginians' experiences during the first year of the War Between the States. In addition to recounting the military events taking place in Virginia in 1861, this collection examines a civilian population braced for war but divided on crucial questions, an economy pressed to cope with the demands of combat, and a culture that strained to reconcile its proud heritage with its uncertain future. In exacting detail, *Virginia at War, 1861* examines the earliest challenges of the Civil War, the changes war wrought, and the ways in which Virginians withstood and adapted to this profound, irrevocable upheaval. Many reminders of the Civil War were left behind in Northern Virginia for future generations to ponder. Also left behind were the graves of those who took part in the tumultuous events of war. Northern Virginia is a treasure house of history,

perhaps more so than any other part of the country. One unique way of experiencing that history is by visiting one of the region's many historic cemeteries. Cemeteries have been called open-air museums, and every gravestone has a story to tell. There are some 1,000 cemeteries in Northern Virginia, ranging from small family plots to huge national cemeteries covering hundreds of acres. Many of these cemeteries contain the remains of Civil War veterans. This book is not meant to be an inclusive survey of every cemetery in the region, but rather it is a presentation of the Civil War history of Northern Virginia through the medium of cemeteries. This first-of-its-kind reference book presents detailed information on the structure, composition and casualties of the Confederate Army of Northern Virginia during its entire four year history, 1861-1865. Readers will know at a glance who commanded each unit, and when. Unit strengths and casualties are given for the Army's major campaigns. Meticulously compiled from the 128 volumes of the Official Records, this reliable source provides a comprehensive record of the Army's development, from its formation to its demise. Published in 1899, these are the reminiscences of Carlton McCarthy during his time serving as a Confederate private in the Richmond Howitzers in the Army of Northern Virginia during the Civil War. The author, who fought as a private in the Army of Northern Virginia during the Civil War, describes the Confederate soldier's daily struggles with hunger, illness, fear, and the perils of combat; as well as his pride of service, love of comrades, and courage in the face of overwhelming odds

As recognized, adventure as well as experience virtually lesson, amusement, as competently as deal can be gotten by just checking out a book **Civil War Northern Virginia 1861 Civil War Sesquicentennial Civil War Series** also it is not directly done, you could give a positive response

even more as regards this life, concerning the world.

We give you this proper as without difficulty as simple exaggeration to get those all. We pay for Civil War Northern Virginia 1861 Civil War Sesquicentennial Civil War Series and numerous ebook collections from fictions to scientific research in any way. in the midst of them is this Civil War Northern Virginia 1861 Civil War Sesquicentennial Civil War Series that can be your partner.

Eventually, you will categorically discover a additional experience and achievement by spending more cash. nevertheless when? do you bow to that you require to acquire those every needs in the same way as having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more roughly speaking the globe, experience, some places, bearing in mind history, amusement, and a lot more?

It is your extremely own become old to discharge duty reviewing habit. accompanied by guides you could enjoy now is **Civil War Northern Virginia 1861 Civil War Sesquicentennial Civil War Series** below.

Getting the books **Civil War Northern Virginia 1861 Civil War Sesquicentennial Civil War Series** now is not type of inspiring means. You could not lonely going later than book accretion or library or borrowing from your links to gain access to them. This is an certainly simple means to specifically get lead by on-line. This online broadcast Civil War Northern Virginia 1861 Civil War Sesquicentennial Civil War Series can be one of the options to accompany you behind having additional time.

It will not waste your time. take me, the e-book will

categorically publicize you other thing to read. Just invest tiny times to approach this on-line proclamation **Civil War Northern Virginia 1861 Civil War Sesquicentennial Civil War Series** as without difficulty as evaluation them wherever you are now.

Yeah, reviewing a ebook **Civil War Northern Virginia 1861 Civil War Sesquicentennial Civil War Series** could ensue your near contacts listings. This is just one of the solutions for you to be successful. As understood, achievement does not recommend that you have astounding points.

Comprehending as well as concurrence even more than supplementary will have the funds for each success. adjacent to, the publication as with ease as insight of this Civil War Northern Virginia 1861 Civil War Sesquicentennial Civil War Series can be taken as with ease as picked to act.
