The Big Ideas Series With millions of copies sold worldwide, The History Book is part of the award-winning Big Ideas series from DK. The series uses striking graphics along with engaging writing, making big topics easy to understand.

Law | Book | Culture in the Middle Ages takes a detailed view on the role of manuscripts and the written word in legal cultures, spanning the medieval period across western and central Europe. Public Law is a high quality textbook that offers a mixture of black letter law and political analysis to give students an excellent grounding in the subject. It covers all of the key topics on

undergraduate courses and includes a number of pedagogical features to aid understanding. This book draws on Pashukanis, critical legal studies and the history of international regulation to critique existing theories of international law. It constructs an alternative Marxist approach, and argues that imperialism is intrinsic to international law. This is an ideal main text for undergraduate tort law courses. The authors combine a lively, engaging writing style with a critical approach to the subject. It uses pedagogical features such as 'counterpoint' and 'pause for reflection' boxes to encourage students to think more deeply. This book comprehensively covers the new Law Advanced Subsidiary syllabuses of the leading examining boards. This third edition replaces Lecture Notes on A Level Law Paper I, incorporating all the changes for the new examinations and bringing the legal issues within it into the 21st century. Each of the main areas in the book are dealt with in an interesting and stimulating way, so as to encourage students to progress from this level and further develop their knowledge and understanding of law and how it operates in society. As well as discussing the most important foundations and principles of English and European law, the book deals with many of the major developments in the law, including the impact of the Human Rights Act 1998 and the increased use of alternatives to litigation. It also clearly discusses the work of the leading legal theorists of the 20th century in a way which will be thought-provoking to all students. The text is designed to encourage the reader to follow the latest developments in the law at this time of change and reform, particularly through the media and, especially, the internet. An engaging introduction to one of the most complex areas of modern life. The book introduces both the main components of the legal system - including judges, juries and law-makers - and key areas of law - contract, civil negligence, and criminal law - to provide the uninitiated with an ideal introduction to law. Key questions to be considered include: How are laws made? How do judges decide cases? What is the exact

role of the EU in the legal system? What are your rights and duties under contract law? What is a crime and what are criminal defences? Throughout the book, a wide range of contemporary cases are examined to relate key legal concepts to familiar examples and real world situations. Here is an introduction to the intellectual challenges presented by law in the western secular tradition. Treating not just British law, but the whole western tradition of law, Professor Honore guides the reader through eleven topics which straddle various branches of the law, including constitutional and criminal law, property, and contracts. He also explores moral and historical aspects of the law, including a discussion of justice and the difference between civil and common law systems. The law, Honore argues, is mainly concerned with the question of obedience to authority, and establishing the situations in which obedience is required and those in which it may be waived ought to be the central concern of all legal theorists. Written by a team of experienced teachers and examiners, WJEC/Eduqas for A Level Law Book 2 offers high quality support for the additional content of the Year 2 and A2 course. // Designed to be used in conjunction with Book 1, to provide full coverage of WJEC/Eduqas A Level Law. // A variety of features, including Grade Boost, Key Cases and Stretch and Challenge activities encourage learners to think critically and help develop their knowledge and understanding and ability to analyse. // An Exam practice and technique section provides advice and guidance on how to revise and helps students develop the skills needed for the exams. Topics are split as follows: Book 1 Law making, the Nature of Law and the Welsh and English Legal Systems E1.1.1 W1.1 Law making; Law reform; E1.1.2 W1.2 Delegated legislation; E1.1.3 W1.3 Statutory interpretation; E1.1.4 W1.4 Judicial precedent; E1.2.1 W1.5 Civil courts; E1.2.2 W1.6 Criminal process; Juries; E1.2.3 W1.7 Legal personnel: Barristers and solicitors, Judiciary, Magistrates; E1.2.4 W1.8 Access to justice and funding; Law of Contract E2.1.1 W3.6 Rules

of contract; E2.1.2 W3.7 Essential requirements of a contract; E2.1.3 E2.1.5 W3.10 Discharge of contract; E2.1.4 E2.1.6 W3.11 Remedies: Contract; Law of Tort E2.2.1 W2.1 Rules of tort; E2.2.2 W2.2 Liability in negligence; E2.2.3 W2.3 Occupier's liability; E2.2.4 E2.2.7 W2.4 Remedies: Tort; Criminal Law E2.3.1 W3.12 Rules of criminal law; E2.3.2 W3.13 General elements of criminal liability; E2.3.3 W3.14 Offences against the person; Human Rights Law E2.4.1 E 2.4.2 W3.1 Rules, theory and protection of human rights law; E2.4.3 W3.2 Specific provisions of the ECHR; E2.4.5 E2.4.6 W3.5 Reform of human rights; E2.4.4 W3.3 Restrictions of the ECHR. /// Book 2 Law of Contract E2.1.3 W3.8 Express and implied terms; E2.1.4 W3.9 Misrepresentation and economic duress; Law of Tort E2.2.4 Torts connected to land; E2.2.5 Vicarious liability; E2.2.6 Defences: Tort; Criminal Law E2.3.3 W3.14 Fatal offences against the person; E2.3.4 W3.15 Property offences; E2.3.5 E2.3.6 W3.16 W3.17 Capacity and necessity defences; E2.3.7 W3.17 Preliminary offences of attempt.

Learn about compelling worlds and characters depicted in myths and legends in *The Mythology Book*. Part of the fascinating Big Ideas series, this book tackles tricky topics and themes in a simple and easy to follow format. This captivating book will broaden your understanding of Mythology, with:

- More than 80 classics retold and explained in mythology
- Packed with facts, charts, timelines and graphs to help explain core concepts
- A visual approach to big subjects with striking illustrations and graphics throughout
- Easy to follow text makes topics accessible for people at any level of understanding

The Mythology Book allows you delve into each myth, discover the meanings behind them, and understand their significance to different cultures worldwide - aimed at adults with

an interest in the subject and wanting to gain more of an overview. Here you'll find global coverage of world myths, profiling everything from the well-known tales of the Greeks, Norsemen, and Egyptians to the legends of the Caribbean, the Americas, Oceania, and East Asia. Your Mythological Questions, Simply Explained Learn about myths in this essential guide, from early creation beliefs to classical hero narratives and the recurring theme of the afterlife. Delve into each myth and discover the meanings behind these stories, getting to the heart of their significance to different cultures worldwide. If you thought it was difficult to learn about the many classic stories, The Mythology Book presents key information in a clear layout. Discover Zeus, god of the sky and ruler of the Olympian gods, Loki, the cunning trickster with a knack for causing havoc, Thor with his mighty hammer, and Hades, ruler of the underworld - and much more. The Big Ideas Series With millions of copies sold worldwide, The Mythology Book is part of the award-winning Big Ideas series from DK. The series uses striking graphics along with engaging writing, making big topics easy to understand. This introduction to law presents a contextual overview of the English legal system while, at the same time, providing the groundwork for a critical understanding of legal institutions, processes and materials. Understanding Law is not simply an exposition of the English legal system. It also places the study of law within a broader framework of inquiry focusing on the evaluation and explanation of legal decision-making at all levels. This new edition incorporates: . A fully revised and updated chapter on the criminal justice system, taking account of the Auld Review and the government's latest CJS proposals. An expanded chapter on the civil justice system after Woolf. The impact of the Human Rights Act (including Lambert and Kansal on precedent practice in the House of Lords). A completely new section on the globalisation of law This book sets a distinctive manifesto for legal education that is in line with the ACLEC emphasis on

understanding (rather than passive role learning) as the key to the initial stage of legal education. It has proven to be a valuable introductory text for new law students

First published in 1970, Akehurst's *Modern Introduction to International Law* rapidly established itself as a widely used and successful textbook in its field. Being the shortest of all the major textbooks in this area, it continues to offer a concise and accessible overview of the concepts, themes, and issues central to the growing system of international law, while retaining Akehurst's original positivist approach that accounts for the essence and character of this system of law. This new 9th edition has been further revised and updated by Alexander Orakhelashvili to take account of a plethora of recent developments and updates in the field, accounting for over 40 decisions of international and national courts, as well as a number of treaties and major incidents that have occurred since the 8th edition of this textbook published. Based on transparent methodology and with a distinctive cross-jurisdictional approach which opens up the discipline to students from all backgrounds, this engaging, well-structured, and reputable textbook will provide students with all the tools, methods, and concepts they need to fully understand this complex and diverse subject. It is an essential text for all undergraduate and postgraduate students of international law, government and politics, and international relations. This book is one of the only textbooks in international law to offer a fully updated, bespoke companion website:

The legal information and forms every California landlord needs Choosing tenants, raising the rent, returning deposits, and maintaining rental property--these are just a few of the things landlords do that are strictly regulated by California law. To avoid problems and hefty legal fees, property owners and managers need to know and comply with federal, state, and local rules, and use the proper legal forms. Fortunately, everything you need is in this book. Rent control and eviction protections are now a matter of state law, and even small municipalities are enacting their own ordinances that affect rent, terminations, and notices. This book contains a unique rent control chart that explains key provisions

and gives information on how to learn more. No California landlord can afford to do business without checking for local ordinances and following them. With *The California Landlord's Law Book: Rights & Responsibilities* you'll learn how to: screen prospective tenants--without discriminating illegally prepare (and enforce) leases and rental agreements apply the state-wide rent control and eviction protection law if it applies to you collect and return security deposits raise the rent and change other terms of the tenancy hire, work with, and fire property managers keep up with repairs and maintenance restrict subletting and short-term rentals act promptly when rent is late, and terminate a tenancy. With Downloadable forms: Download and customize more than 40 essential legal forms, including a lease and rental agreement (in both English and Spanish), tailored to meet California law--details inside. Trusted by students and lecturers for over thirty years, *Steiner & Woods EU Law* is the most comprehensive black letter guide to the subject, leading the reader through the subject in a straightforward way. The book includes a well-balanced range of topics for students taking an EU law course at any level. Offering a careful blend of institutional and substantive coverage, it focuses on explaining the law clearly for student readers. Case detail is clearly sign-posted throughout the text, with key cases highlighted and discussed in feature boxes, ensuring students are up to speed with the most important case law in the area. End of chapter reading suggestions, along with a detailed bibliography, provide a helpful starting point for essay preparation and independent research. Digital formats and resources: This edition is available for students and institutions to purchase in a variety of formats, and is supported by online resources. - The e-book offers a mobile experience and convenient access along with functionality tools, navigation features, and links that offer extra learning support: www.oxfordtextbooks.co.uk/ebooks - The text is also supported by online resources including self-test questions and answers, and

downloadable diagrams from the text. Visit the EU Law Analysis blog page and Steve Peers' Twitter page for additional insight into EU law. Presents an overview of the English legal system. This work provides the groundwork for an understanding of legal institutions, processes and materials, and places the study of law within a framework of inquiry focusing on the evaluation and explanation of legal decision making at various levels. It examines the civil justice system after Woolf. This fully updated and accessible textbook combines Year 1 and Year 2 content for the refreshed OCR specification with brand new cases, activities and features to provide comprehensive support for the A level course. - Develop conceptual understanding with full coverage of all topics in the OCR A level specification in one book.
- Establish a firm understanding with key term definitions and tables of relevant cases and legislation for each topic.
- Build sound knowledge and analysis throughout the course with knowledge-based questions and revision summaries at the end of each chapter.

This Student Book is endorsed by OCR - This title fully supports the specification - It has passed OCR's rigorous quality assurance programme - It is written by curriculum experts

This fourteenth edition of *Law Made Simple* marks the fiftieth year of the publication for one of the best-selling UK Law books. It is the perfect introduction to the English Legal System, and combines an overview of both the legislation and case law relating to all the foundation subjects, including Contract, Torts, Land, Trusts, Criminal, Public and EU. Fully updated, this book acts as a clear and concise guide for students studying law at any level, and takes into account developments across the curriculum. It is suitable for students studying law at A-Level, or as an excellent background for students thinking of embarking on the study of law or related course at degree level. This book provides a challenging interpretation of the emergence of the common law

in Anglo-Norman England, against the background of the general development of legal institutions in Europe. In a detailed discussion of the emergence of the central courts and the common law they administered, the author traces the rise of the writ system and the growth of the jury system in twelfth-century England. Professor van Caenegem attempts to explain why English law is so different from that on the Continent and why this divergence began in the twelfth century, arguing that chance and chronological accident played the major part and led to the paradox of a feudal law of continental origin becoming one of the most typical manifestations of English life and thought. First published in 1973, *The Birth of the English Common Law* has come to enjoy classical status, and in a preface Professor van Caenegem discusses some recent developments in the study of English law under the Norman and earliest Angevin kings.

Exam board: OCR Level: A-level Subject: Law First teaching: September 2017 First exams: Summer 2019 This student book will be selected for OCR endorsement process. Accurately cover the breadth of content in the new 2017 OCR A Level specifications with this textbook written by leading A Level Law authors. Authors:

- Jacqueline Martin LLM has ten years' experience as a practising barrister and has taught law at all levels.
- Richard

Wortley is Director and Head of Department of the Jill Dando Institute of Security and Crime Science at University College London. - Nicholas Price is an experienced teacher of Law and is an A Level Law textbook author. During the last half of the twentieth century, legal philosophy (or legal theory or jurisprudence) has grown significantly. It is no longer the domain of a few isolated scholars in law and philosophy. Hundreds of scholars from diverse fields attend international meetings on the subject. In some universities, large lecture courses of five hundred students or more study it. The primary aim of the Law and Philosophy Library is to present some of the best original work on legal philosophy from both the Anglo American and European traditions. Not only does it help make some of the best work available to an international audience, but it also encourages increased awareness of, and interaction between, the two major traditions. The primary focus is on full-length scholarly monographs, although some edited volumes of original papers are also included. The Library editors are assisted by an Editorial Advisory Board of internationally renowned scholars.

THE ESSENTIAL TEACHINGS OF ABRAHAM THAT INSPIRED MILLIONS - FROM #1 NEW YORK TIMES BEST-SELLING AUTHORS OF THE INTERNATIONAL SENSATION, ASK AND IT IS GIVEN A POWERFUL PERSONAL TRANSFORMATION BOOK THAT EXPLAINS HOW TO USE THE LAW OF ATTRACTION TO MANIFEST YOUR DREAM LIFE Within these pages, you'll learn how to be happier, and how all things, wanted and unwanted, are brought to you by this most powerful law of the universe, the Law of Attraction. (That which is like unto itself is drawn). You've most likely heard the saying "Birds of a feather flock together," aka the Law of Attraction. This has been alluded to by some of the greatest teachers in history, it has never before been explained in as clear and easy to understand terms as in this inspirational law of attraction basics book. Learn here about the omnipresent Laws that govern this Universe and how to make them work to your

advantage. The understanding and consciousness shifts that you'll achieve by reading this book will take all the guesswork out of daily living. Sections Include: · Part I - Our Path to the Abraham Experience · The Universal Laws: Defined · Part II - The Law of Attraction · Part III: The Science of Deliberate Creation™ · Part IV: The Art of Allowing · Part V: Segment Intending You'll find many positive quotes for living with more peace and joy like:

"Rather than trying to monitor your thoughts, we encourage you to simply pay attention to how you are feeling." "The greatest gift that you could ever give another is the gift of your expectation of their success." "I know that reading this book will produce a turning point in your life. Here is not only a description of the most important law of the universe (the only one you'll ever need to know about, really), but an easy-to-understand explanation of the mechanics of life. This is breathtaking information." -Neale Donald Walsch, best-selling author of The Conversations with God series "Since originally receiving this material, Esther and I have done our best to apply to our own lives what we have learned about these Laws, and the marvelous progression of our joyous lives is astounding. We took Abraham at their word because everything they told us made so much sense to us, but the application of these teachings has now been proven in our day-to-day experience. And it is with extraordinary joy that we can tell you—from our own personal experience: This works!" - Jerry Hicks These Abraham teachings will help you to joyously be, do, or have anything that you desire with love and gratitude. "What About Law?" succeeds where so many legal guidebooks fail ... [it] skilfully demystifies the law and ably proves its argument. The law is, indeed, all around us - and this book will whet your appetite to find out how and why." - Alex Wade, The Times (of the previous edition) Law is one of the few subjects that the school leaver, choosing a degree course, will have very little real understanding of. This book comes to the rescue by clearly setting out what a prospective law student can expect and why a

student should choose to study law. This new edition is updated to reflect the reality of studying law today, highlighting changes due to Brexit and reforms to constitutional law. The book covers the compulsory subjects every law student has to study: contract, criminal, property and trusts law, and brings them up to date. With a clear core structure and approach it takes a case from each of these subjects to illustrate legal issues and methodology. The writing style is accessible and has the audience - novices to law - firmly in mind. What About Law? shows how the study of law can be fun, intellectually stimulating and challenging. It introduces prospective students to the legal system, legal reasoning, critical thinking and argument. Written by a team of experienced teachers, this book should be read by every student about to embark on the study of law. This book engages with a traditional yet persistent question of legal theory - what is law? However, instead of attempting to define and limit law, the aim of the book is to unlimit law, to take the idea of law beyond its conventionally accepted boundaries into the material and plural domains of an interconnected human and nonhuman world. Against the backdrop of analytical jurisprudence, the book draws theoretical connections and continuities between different experiences, spheres, and modalities of law. Taking up the many forms of critical and socio-legal thought, it presents a broad challenge to legal essentialism and abstraction, as well as an important contribution to more general normative theory. Reading, crystallising, and extending themes that have emerged in legal thought over the past century, this book is the culmination of the author's 25 years of engagement with legal theory. Its bold attempt to forge a thoroughly contemporary approach to law will be of enormous value to those with interests in legal and socio-legal theory. 'How the Law Works is a gem of a book, for law students and for everyone else. It is a must read for anyone interested in how society is shaped and controlled via law.' Dr Steven Vaughan, solicitor, Senior Lecturer, Birmingham

Law School 'How the Law Works is a comprehensive, witty and easy-to-read guide to the law. I thoroughly recommend it to non-lawyers who want to improve their knowledge of the legal system and to potential students as an introduction to the law of England and Wales.' HH Judge Lynn Tayton QC Reviews of the first edition: 'A friendly, readable and surprisingly entertaining overview of what can be a daunting and arcane subject to the outsider.' The Law Teacher 'An easy-to-read, fascinating book . . . brimful with curios, anecdote and explanation.' The Times How the Law Works is a refreshingly clear and reliable guide to today's legal system. Offering interesting and comprehensive coverage, it makes sense of all the curious features of the law in day to day life and in current affairs. Explaining the law and legal jargon in plain English, it provides an accessible entry point to the different types of law and legal techniques, as well as today's compensation culture and human rights law. In addition to explaining the role of judges, lawyers, juries and parliament, it clarifies the mechanisms behind criminal and civil law. How the Law Works is essential reading for anyone approaching law for the first time, or for anyone who is interested in an engaging introduction to the subject's bigger picture. Medical Law: Text, Cases, and Materials offers all of the explanation, commentary, and extracts from cases and key materials that students need to gain a thorough understanding of this complex topic. Key case extracts provide the legal context, facts, and background; extracts from materials provide differing ethical perspectives and outline current debates; and the author's insightful commentary ensures that readers understand the facts of the cases and can navigate the ethical landscape to form their own understanding of medical law. Digital formats This sixth edition is available for students and institutions to purchase in a variety of formats. The e-book offers a mobile experience and convenient access along with functionality tools, navigation features, and links that offer extra learning support: www.oxfordtextbooks.co.uk/ebooks This

friendly and accessible guide is one that you'll want to have on hand at every stage of the journey when starting your own law firm. From initial planning and choosing the right structure, overcoming teething problems, to expansion and beyond, in this book you'll find the practical guidance you need to set up and manage a law firm. Written by experienced practitioners who manage their own firms, *How to Start a Law Firm* includes guidance and advice on regulations, client care, staffing and managing finances, and new technology including AI. It offers lessons in how to develop the mindset of a business owner and a detailed study of how law firms have responded to the coronavirus pandemic.

'The Rule of Law' is a phrase much used but little examined. The idea of the rule of law as the foundation of modern states and civilisations has recently become even more talismanic than that of democracy, but what does it actually consist of? In this brilliant short book, Britain's former senior law lord, and one of the world's most acute legal minds, examines what the idea actually means. He makes clear that the rule of law is not an arid legal doctrine but is the foundation of a fair and just society, is a guarantee of responsible government, is an important contribution to economic growth and offers the best means yet devised for securing peace and co-operation. He briefly examines the historical origins of the rule, and then advances eight conditions which capture its essence as understood in western democracies today. He also discusses the strains imposed on the rule of law by the threat and experience of international terrorism. The book will be influential in many different fields and should become a key text for anyone interested in politics, society and the state of our world.

The best-selling legal skills textbook in the market, *Legal Skills* is the essential guide for law students, encompassing all the academic and practical skills in one manageable volume. It is an ideal text for students new to law, helping them make the transition from secondary education and giving them the skills they need to succeed from the beginning of

their degree, through exams and assessments and into their future career. The first part covers 'Sources of Law' and includes information on finding and using legislation, ensuring an understanding of where the law comes from and how to use it. The second part covers 'Academic Legal Skills' and provides advice on general study and writing skills. This part also includes a section on referencing and avoiding plagiarism amongst a number of other chapters designed to help students through the different stages of the law degree. The third and final part is dedicated to 'Practical Legal Skills'; a section designed to help develop transferable skills in areas such as presentations and negotiations that will be highly valued by future employers. The text contains many useful features designed to support a truly practical and self-reflective approach to legal skills including self-test questions, diagrams and practical activities. Students are given the opportunity to take a 'hands on' approach to tackling a variety of legal skills from using cases to negotiation. Each skill is firmly set in its wider academic and professional context to encourage an integrated approach to the learning of legal skills. Legal Skills is accompanied by an innovative Online Resource Centre offering a full range of resources including: - Video clips of good and bad 'real life' moots in action bring the subject to life - Guidance on practical exercises and questions from the book so students can test themselves on essay writing, problem solving, revision and exam skills and compare against example answers with commentary - Lecturers can track student progress using an online bank of 200 multiple choice questions offering immediate answers and feedback that can be customised and loaded on to a university VLE First published in 1990. Routledge is an imprint of Taylor & Francis, an informa company. Language plays an essential role both in creating law and in governing its implementation. Providing an accessible and comprehensive introduction to this subject, Language and Law: describes the different registers and genres that make up spoken and written

legal language and how they develop over time; analyses real-life examples drawn from court cases from different parts of the world, illustrating the varieties of English used in the courtroom by speakers occupying different roles; addresses the challenges presented to our notions of law and regulation by online communication; discusses the complex role of translation in bilingual and multilingual jurisdictions, including Hong Kong and Canada; and provides readings from key scholars in the discipline, including Lawrence Solan, Peter Goodrich, Marianne Constable, David Mellinkoff, and Chris Heffer. With a wide range of activities throughout, this accessible textbook is essential reading for anyone studying language and law or forensic linguistics. Sections A, B, and C of this book are freely available as a downloadable Open Access PDF under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9781315436258>

'An indispensable guide to the law and your rights, giving you a lawyer in your pocket for a multitude of legal questions and problems that crop up in everyday life. ... Exceptional' - The Secret Barrister 'Brilliant and generous and very necessary' - Sarah Langford, author of *In Your Defense* 'A triumph of a book. It should form the basis for a national curriculum in law.' - Joanna Hardy-Susskind

From junior barrister Christian Weaver comes an indispensable guide to your basic legal rights. We engage with the law every day: when we leave the house, and even when we don't, we're bound by rules we don't even notice. Until they're used against us. Knowing our rights means taking control of our lives. In this handbook, lawyer Christian Weaver brings together everything you need to know to claim your space in the world. Whether you are arguing with your landlord, looking for a refund, going to a protest or being harassed, this essential guide illuminates the full power of the law, and arms you with your rights, including: - in a relationship - at home - out on the street - when you've spent money, owe it or are owed it

From housing to

relationships, police conduct to travel, this guide will give you the confidence and clarity to take control in any situation. Presents an analysis of the legislation affecting rights of way in England and Wales and explains the legal lay of the land. This book aims to state the law as at 1 October 2006, and is useful for those whose work involves rights of way - either as a professional or as a volunteer. Challenging the usual introductions to the study of law, *A Critical Introduction to Law* argues that law is inherently political and reflects the interests of the few even while presenting itself as neutral. This fully revised and updated fourth edition provides contemporary examples to demonstrate the relevance of these arguments in the twenty-first century. The book includes an analysis of the common sense of law; the use of anthropological examples to gain external perspectives of our use and understanding of law; a consideration of central legal concepts, such as order, rules, property, dispute resolution, legitimation and the rule of law; an examination of the role of law in women's subordination and finally a critique of the effect of our understanding of law upon the wider world. Clearly written and admirably suited to provoking discussions on the role of law in our contemporary world, this book is ideal for undergraduate and postgraduate students reading law, and will be of interest to those studying legal systems and skills courses, jurisprudence courses, and law and society. Do your students struggle to engage with legal topics? Look no further than Marson & Ferris' *Business Law* to help them actively engage with the law, understand it, and approach it with confidence. Written with business, management, and finance and accounting students in mind, the authors put the law into a context that they can easily understand by introducing case studies in every chapter. 'Business Scenarios' help the students contextualize the law by presenting the reader with an example of an everyday problem which demonstrates how the law can affect a company, employer, employee, or other individual. Throughout each chapter the students are asked to pause and

consider how the content applies to these routine business problems, enabling them to become active readers and think independently about how the law operates. The first chapter provides a helpful guide to studying the law and advice on how to excel in assessments so that students can fulfil their potential. This chapter includes a sample problem question and model answer. Further sample problem and essay questions can be found at the end of chapters, giving readers an opportunity to test their understanding and practise for assessments. Students will be able to find indicative answers to these questions hosted with the online resources for this book. At the end of each chapter the authors provide further reading suggestions to guide students that want to deepen their knowledge, including well-maintained and trusted websites, Twitter feeds, and YouTube channels in addition to suitable books and articles. Online resources This book is accompanied by a suite of online resources to support students' learning, including flashcard cases, self-test questions and answers with feedback, and additional material on legislation.
