In 2019, for the first time in history, Miss America, Miss USA, Miss Teen USA, and Miss Universe were all Black women. However, in Texas pageantry, where 12 former state titleholders have become Miss America or Miss USA are from, racial representation is scant. Since their inception in 1937 and 1952, only three Black women have won title of Miss Texas America and two Black women have been crowned Miss Texas USA. This study analyzes the motives for competing in Texas beauty pageants, experiences of preparing and competing, and the perceptions of race and racial inequalities among racially and ethnically diverse contestants and titleholders in two mainstream pageant circuits in Texas, Miss Texas America and Miss Texas USA. Data consist of semi-structured in-depth interviews with a sample of 37 beauty pageant contestants from the state of Texas, including former Miss Texas titleholders. Interviews focused on participants' experiences preparing and competing in beauty pageants, their motives for competing, their perceptions of race and racial inequalities in pageants, and their views on how race operates within the current system. Findings revealed significant patterns in participants' motives for competing, preparation for competitions, and perceptions of race within pageantry. The main

findings of this study suggest that Black participants' motives to compete were often more focused on collective goals (e.g., serving as role models for other Black girls) whereas white and Hispanic participants' motives were more individualistic (e.g., personal growth), managing racial embodiment by training or undoing certain aspects of their identity (e.g., accent) and features such as negotiating their hair textures and styles to meet dominant white aesthetics, and differences observed among contestant preparation based on the pageant circuit they compete in (e.g., the bikini line). This research aims to add to the already scant literature on how race operations within the current system in Western beauty pageants especially in the era of the Black Lives Matter movement. Stories abound of immigrant Jews on the outside looking in, clambering up the ladder of social mobility, successfully assimilating and integrating into their new worlds. But this book is not about the success stories. It's a paean to the bunglers, the blockheads, and the just plain weird—Jews who were flung from small, impoverished eastern European towns into the urban shtetls of New York and Warsaw, where, as they say in Yiddish, their bread landed butter side down in the dirt. These marginal Jews may have found their way into the history books far less frequently than their more socially upstanding neighbors, but there's one place you can find them in force: in the Yiddish newspapers that had their heyday from the 1880s to the 1930s. Disaster, misery, and misfortune: you will find no better chronicle of the daily ignominies of urban Jewish life than in the pages of the Yiddish press. An underground history of downwardly mobile Jews, *Bad Rabbi* exposes the seamy underbelly of pre-WWII New York and Warsaw, the two major centers of Yiddish culture in the late nineteenth and early twentieth centuries. With true stories plucked from the pages of the Yiddish papers, Eddy Portnoy introduces us to the drunks, thieves, murderers, wrestlers, poets, and beauty queens whose

misadventures were immortalized in print. There's the Polish rabbi blackmailed by an American widow, mass brawls at weddings and funerals, a psychic who specialized in locating missing husbands, and violent gangs of Jewish mothers on the prowl—in short, not quite the Jews you'd expect. One part Isaac Bashevis Singer, one part Jerry Springer, this irreverent, unvarnished, and frequently hilarious compendium of stories provides a window into an unknown Yiddish world that was.

Sarah Banet-Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual. She focuses on the Miss America pageant in particular, considering its claim to be an accurate representation of the diversity of contemporary American women. Exploring the cultural constructions and legitimations that go on during the long process of the pageant, Banet-Weiser depicts the beauty pageant stage as a place where concerns about national identity, cultural hopes and desires, and anxieties about race and gender are crystallized and condensed. The beauty pageant, she convincingly demonstrates, is a profoundly political arena deserving of serious study. Drawing on cultural criticism, ethnographic research, and interviews with pageant participants and officials, *The Most Beautiful Girl in the World* illustrates how contestants invent and reinvent themselves while articulating the female body as a national body. Banet-Weiser finds that most pageants are characterized by the ambivalence of contemporary "liberal" feminism, which

encourages individual achievement, self-determination, and civic responsibility, while simultaneously promoting very conventional notions of beauty. The book explores the many different aspects of the Miss America pageant, including the swimsuit, the interview, and the talent competitions. It also takes a closer look at some extraordinary Miss Americas, such as Bess Myerson, the first Jewish Miss America; Vanessa Williams, the first African American Miss America; and Heather Whitestone, the first Miss America with a disability. The MISS UNIVERSE® Pageant represents the international ideal of beauty, and this unique beauty guide has the inside tips from all over the world that only members of this very exclusive club can tell. Beauty writer Cara Birnbaum and former Miss Universe winners bring together the diverse tips, insights, and secrets that have set these women apart and brought them to the pinnacle of beauty. Former title holders will share their beauty regimens as will the professionals who work with contestants to achieve the Miss Universe look. Readers with busy schedules will benefit from tips that will take them from daytime looks to ultraglamour in a matter of minutes. Because Miss Universe is international, all races, skin tones, hair types, and body types will be included. Former title holders of different ages will address how personal care and beauty regimens change over time to continue to achieve a fantastic appearance. *Beyond Combat* investigates how the Vietnam War both reinforced and challenged the gender roles that were key components of American Cold War ideology. Refocusing attention onto women and gender paints a more complex and accurate picture of the war's far-reaching impact beyond the battlefields. Encounters between Americans and Vietnamese were shaped by a cluster of intertwined images used to make sense of and justify American intervention and use of force in Vietnam. These images included the girl next door, a wholesome reminder of why the United States was committed to defeating Communism, and the treacherous and mysterious 'dragon lady', who served as a

metaphor for Vietnamese women and South Vietnam. Heather Stur also examines the ways in which ideas about masculinity shaped the American GI experience in Vietnam and, ultimately, how some American men and women returned from Vietnam to challenge homefront gender norms. Many memoirs of the American Civil War were written, as John Gill's was, for the eyes of family and friends only. It is our good fortune that their accounts survived. One of the benefits of private publishing was that the author felt less necessity to censor themselves or conform their writing to prevailing sentiments. As an unreconstructed Rebel, John Gill writes of the horrors of the war, the loss of good friends, and unfortunately a longing for the days when slavery kept his world in the order in which he was accustomed. One wonders how his descendants would read this today. Front-line letters and diaries of the Civil War bring an immediacy to a long-ago event and connect us to these everyday men and women who lived it. Gill fought at Gettysburg, Cold Harbor, and many other important battles. Escape a stalled subway car or a swarm of pigeons; stop a runaway hot dog cart; defeat cockroaches—what every native and visitor needs to survive in the Big Apple. A fresh exploration of American feminist history told through the lens of the beauty pageant world. Many predicted that pageants would disappear by the 21st century. Yet they are thriving. America's most enduring contest, Miss America, celebrates its 100th anniversary in 2020. Why do they persist? In *Here She Is*, Hilary Levey Friedman reveals the surprising ways pageants have been an empowering feminist tradition. She traces the role of pageants in many of the feminist movement's signature

achievements, including bringing women into the public sphere, helping them become leaders in business and politics, providing increased educational opportunities, and giving them a voice in the age of #MeToo. Using her unique perspective as a NOW state president, daughter to Miss America 1970, sometimes pageant judge, and scholar, Friedman explores how pageants became so deeply embedded in American life from their origins as a P.T. Barnum spectacle at the birth of the suffrage movement, through Miss Universe's bathing beauties to the talent- and achievement-based competitions of today. She looks at how pageantry has morphed into culture everywhere from *The Bachelor* and *RuPaul's Drag Race* to cheer and specialized contests like those for children, Indigenous women, and contestants with disabilities. Friedman also acknowledges the damaging and unrealistic expectations pageants place on women in society and discusses the controversies, including Miss America's ableist and racist history, Trump's ownership of the Miss Universe Organization, and the death of child pageant-winner JonBenét Ramsey. Presenting a more complex narrative than what's been previously portrayed, *Here She Is* shows that as American women continue to evolve, so too will beauty pageants. A Fairy Tale Beginning Six-year-old beauty JonBenet Ramsey was a dream child--smart, talented and blessed. Her mother, a former Miss America contestant, had entered her in every child beauty pageant possible. Wearing lipstick, heavy makeup, and provocative costumes that cost thousands of dollars, with her hair bleached and teased, JonBenet flirtatiously paraded down runways, exuding a sophistication beyond her years. A Nightmare Ending But that dazzling future of crowns and titles was brutally cut short the day after Christmas when her mother discovered a random note on the stairs of their luxurious Boulder, Colorado home. Hours later JonBenet's distraught father, millionaire businessman John Ramsey, found his beloved daughter's lifeless body, gagged and strangled in a windowless room in the basement of their

million-dollar mansion. An Unspeakable Crime As detectives worked to uncover what happened Christmas night in the darkened mansion, the nation grieved for the innocent little girl whose life was cruelly snuffed out. Carlton Smith's *Death of a Little Princess* is the tragic true story of a murder that shocked the country. "It's good to be pretty. I'm really lucky." So begins the story of thirteen-year-old Olivia, or Liv, who started winning beauty pageants at age three. Lately she's been wondering, however, if that's all she is. She gets a chance to find out when she meets a runaway named Dan and they embark on a trip to Chicago, each determined to uncover family secrets. This story of two teens from very different backgrounds making their way in a world preoccupied with physical appearance sparkles with wry humor, romance, and a revealing behind-the-scenes glimpse at the world of beauty pageants. This ebook includes a sample chapter of *THE HARD KIND OF PROMISE*. Humorists Tim Sample and Steve Bither reveal the wild and wacky side of Maine. Describing approximately 300 oddities--people, places, animals, historic tidbits, and trivia--their unique perspective and witty narrative is highly entertaining. From the Society for the Preservation of the Black Fly to a jeweler whose medium is moose droppings, this is a great read for anyone who enjoys local humor and trivia with a twist. The rich and glamorous never need to sleep alone. At least, that's the theory. Gorgeous, successful, and pampered women like Emma Ronson and Simone Williams, the hosts of TV's hottest new daily talk show, *The Beehive*, seem to have New York--and all of the men in it--at their feet. But behind the scenes, it's a much different story. . . Emma left a career in serious journalism for daytime popularity, and now she's interviewing barely literate reality stars as she watches her credibility slip away. Even worse, she's also sharing the *Beehive* couch with Sutton, an aging news diva who's doesn't miss a chance to stick her claws into Emma for stealing her media mogul boyfriend. Simone, a Black American Princess and former teen

model, is drowning in debt that her Beehive salary can't begin to cover, and her famous ex has just crossed the line from stalker to psycho. Caught up in a wild mix of cheating boyfriends, scheming rivals, velvet-rope catfights, backstabbing exes, and bloodthirsty gossip columnists, the city's most beautiful people are about to discover just how ugly life at the top can get. . . Kylie Adams is the author of *Ex-Girlfriends*, *Fly Me to the Moon*, *Baby, Baby*, and the USA Today bestsellers *The Only Thing Better than Chocolate* (with Janet Dailey and Sandra Steffen) and *Santa Baby* (with Lisa Jackson, Elaine Coffman, and Lisa Plumley). She is a contributing editor to *The South*, a regional bimonthly magazine that features her pop culture/humor column, "Kylie Says." She lives in Brandon, Mississippi, where she is currently at work on her next novel.
