The Idea Guide Aug 31 2023 Have you ever had a business idea and wondered if it would work? Author David Ceolin has spent over 30 years around business ideas as a banker, entrepreneur, and investor. His book, The Idea Guide, is a step-by-step business planning system that has received excellent reviews from over a dozen small business associations and periodicals. For example, Profit Magazine calls The Idea Guide "a useful detailed handbook for analyzing business ideas". An easy-to-understand guide ideal even for beginners, each step of the book covers a different business planning element like pricing, creating features and benefits, determining potential market size, writing a marketing plan, hiring employees, analyzing breakeven points, completing financial forecasts, planning operations and more. Each step of the book uses the same consistent format: 1) Easy-to-understand background on the various business planning topics such as product, competition, finances, marketing, sales, personnel, and more. 2) Easy-to-follow examples of other businesses. 3) Planning questions that help you organize your thoughts and ideas to turn into a plan. 4) Evaluator's Thoughts: the insider tips of potential partners, banks, investors as they analyze your idea. The appendix of The Idea Guide even shows you how to turn your answers into a customized business plan ready to show potential partners, suppliers, investors, and banks.

Business Planning: a Guide to Business Start-Up Dec 11 2021 A readable and structured guide for the increasing numbers of people each year who consider setting up a small business or becoming self-employed. 'Business Planning' outlines the options and risks involved in setting up a business. The importance of thorough planning is often overlooked and only becomes evident if the business fails. This is highlighted in a recent study by the SFEDI of 486 bankers and accountants where lack of planning was the most common reason cited as to why businesses fail. 'Business Planning' shows

how to avoid this failure by focusing on the planning stage and building on this framework as the business develops. This is the only book based around the Small Firms Enterprise Development Initiative (SFEDI) for first time owner-managers. It contains all the underpinning factual information required to prepare and present a successful Business Plan for presentation to a bank manager, or an alternative potential source of finance, or for use in an NVQ portfolio. It is in line with the major syllabuses for Business Start-Up, and can be used as a course book for anyone completing a formal NVQ level 3 qualification in this area, with tips on NVQ structure and assessment.
