Two Brothers tells the story of a great sporting family, uncovering new details, exposing myths and placing Jack and Bobby Charlton in their historical context. It's a book about two English footballers but also about English football and England itself. In later life Jack and Bobby didn't get on and barely spoke but the lives of these very different brothers from the coalfield

tell the story of late twentieth-century English football: the tensions between flair and industry, between individuality and the collective, between right and left, between middle- and working-classes, between exile and home. Jack was open, charismatic, selfish and pig-headed; Bobby was guarded, shy, polite and reserved to the point of reclusiveness. They were very different footballers: Jack a gangling central defender who developed a profound tactical intelligence; Bobby an athletic attacking midfielder who disdained systems. They played for clubs who embodied two very different approaches, the familial closeness and tactical cohesion of Leeds on the one hand and the individualistic flair and clashing egos of Manchester United on the other. Both enjoyed great success as players: Jack won a league, a Cup and two Fairs Cups with Leeds; Bobby won a league title, survived the terrible disaster of the plane crash in Munich, and then at enormous emotional cost, won a Cup and two more league titles before capping it off with the European Cup. Together, for England, they won the World Cup. Their managerial careers followed predictably diverging paths, Bobby failing at Preston while Jack enjoyed success at Middlesbrough and Sheffield Wednesday before leading Ireland to previously un-imagined

heights. Both were financially very successful, but Jack remained staunchly left-wing while Bobby tended to conservatism. In the end, Jack returned to Northumberland; Bobby remained in the North-West. Two Brothers tells a story of social history as well as two of the most famous football players of their generation. Get off Instagram and read this book." —Sacha Baron Cohen From the dynamic head of ADL, an impassioned argument about the terrifying path that America finds itself on today—and how we can save ourselves. It's almost impossible to imagine that unbridled hate and systematic violence could come for us or our families. But it has happened in our lifetimes in Europe, the Middle East, Africa, and Asia. And it could happen here. Today, as CEO of the storied ADL (the Anti-Defamation League), Jonathan Greenblatt has made it his personal mission to demonstrate how antisemitism, racism, and other insidious forms of intolerance can destroy a society, taking root as quiet prejudices but mutating over time into horrific acts of brutality. In this urgent book, Greenblatt sounds an alarm, warning that this age-old trend is gathering momentum in the United States—and that violence on an even larger, more catastrophic scale could be just around the corner. But it doesn't have to be this way. Drawing on ADL's decades of experience in fighting hate through investigative research, education programs, and legislative victories as well as his own personal story and his background in business and government,

Greenblatt offers a bracing primer on how we—as individuals, as organizations, and as a society—can strike back against hate. Just because it could happen here, he shows, does not mean that the unthinkable is inevitable. Just 77 days to a happier, more prosperous life! From one of the greatest, most creative novelists working today comes Again and Again, a compact ode to love found, lost, and yearned for Geno is living out his final days in a nursing home, bored, curmudgeonly, and struggling to connect with his nursing assistant, Angel, whom he sees as being

different from him in every way possible, and unable to understand him in any way. Perhaps no one really can, since he's been saying that he's not just Geno—in fact, he's lived many past lives, dating back one thousand years. And since that first life in Seville, Spain, he has been searching for the love of his life, whom he met then and only one other time since. Is this possible—was his life a miraculous one that let him live again and again? Or is he crazy, or lonely, rehearsing larger-than-life fantasies to get through the day? As Angel comes to learn the truth about Geno, so do we, and as Geno's story comes to a head, so does the biggest truth of all: His story is an expansive ode to love—the love we had and lost, the love we wish we had but don't, and the love that might be staring us right in the face, which we don't even know we're lucky enough to have. 'Be warned. This book has no literary merit whatsoever. It is a lurid piece of nonsense, convoluted, implausible, peopled by unconvincing characters, written in drearily pedestrian prose, frequently ridiculous and wilfully bizarre. Needless to say, I doubt you'll believe a word of it.' So starts the extraordinary tale of Edward Moon, detective, his silent sidekick the Somnambulist and a devilish plot to recreate the apocalyptic prophecies of William Blake and bring the British Empire crashing down. With a gallery of vividly grotesque characters, a richly evoked setting and a playful highly literate style this is an amazingly readable literary fantasy and a brilliant debut. A “shrewd, funny, and

sometimes devastating” novel about the things we desire and the things we throw away (Entertainment Weekly). A New York Times Notable Book A highly inventive, corrosively funny story of our times, *Want Not* exposes three different worlds in various states of disrepair—a young freegan couple living off the grid in New York City; a once-prominent linguist, sacked at midlife by the dissolution of his marriage and his father's losing battle with Alzheimer's; and a self-made debt-collecting magnate, whose brute talent for squeezing money out of unlikely places has yielded him a royal existence, trophy wife included. *Want and desire* propel these characters forward toward something, anything, more, until their worlds collide, briefly, randomly, yet irrevocably, in a shattering ending that will haunt readers long after the last page is turned. “Its pleasures are endless.”—Joshua Ferris, author of *Then We Came to the End* “Terrific...The novel may begin with prickly satire, it may dig deep into America's disposable lifestyle, but it ultimately pivots to scenes of surprising tenderness...a novel to hoard.”—The Washington Post “Leaps nimbly from topic to topic...from freeganism to conspicuous consumption; from Manhattan's Alphabet City to residential New Jersey to the backwoods of Tennessee; and from neighbors with nothing but geographical location in common to sisters who share nothing but blood....Sitting down with *Want Not* is like finding yourself opposite the most interesting person at a dinner party. It pulls you in

immediately; makes you shake your head in wonder and delight at your new companion's wit, originality, and compelling turns of phrase; and, best of all, surprises you into laughter.”—Pittsburgh Post-Gazette “For readers who relish extravagant language, scathing wit and philosophical heft, *Want Not* wastes nothing.”—Kirkus Reviews (starred review) Fearless pirate, Captain Cut-Throat, doesn't believe in monsters. When he and his dastardly crew set sail for a treasure island, they must first pass through THE MIST and as legend tells it, THERE BE MONSTERS IN THE MIST! But as the Captain says, monsters simply don't exist. But then who or what is gobbling up the Crew? A thrilling, swashbuckling, pirate adventure from the award-winning creators of THE PRINCESS AND THE PIG and THE SANTA TRAP. For Ben Benjamin, all has been lost—his wife, his family, his home, his livelihood. Hoping to find a new direction, he has enrolled in a night class called the Fundamentals of Caregiving. There he learns the basics of the art of inserting catheters while avoiding liability, and he is instructed about professionalism and how to keep an emotional distance between client and provider. But when Ben is assigned his first client—a tyrannical nineteen-year-old boy named Trevor who is in the advanced stages of Duchenne muscular dystrophy—he soon discovers that the endless service checklists have done nothing to prepare him for the reality of caring for a fiercely stubborn, sexually frustrated teenager who has

an ax to grind with the whole world. Over time, the relationship between Ben and Trev, which had begun with mutual misgivings, evolves into a close friendship, and the traditional boundaries between patient and caregiver begin to blur. The bond between them strengthens while they're on a road trip to visit Trev's ailing father—a journey diverted by a series of bizarre must-see roadside attractions that propels them into an impulsive adventure disrupted by one birth, two arrests, a freakish dust storm, and a six-hundred-mile cat-and-mouse pursuit by a mysterious brown Buick Skylark. By the end of that journey, Trev has had his first taste of love, and Ben has found a new reason to love life. Bursting with energy and filled with moments of absolute beauty, this big-hearted and inspired novel ponders life's terrible surprises as well as the heart's uncanny capacity to mend. This is a novel about the hundreds of tiny connections between the public and private worlds and how they affect us all. It's about the legacy of war and the end of innocence. It's about how comedy and politics are battling it out and comedy might have won. It's about how 140 characters can make fools of us all. It's about living in a city where bankers need cinemas in their basements and others need food banks down the street. It is Jonathan Coe doing what he does best - showing us how we live now. 'Coe is among the handful of novelists who can tell us something about the temper of our times' Observer Number 11 is Jonathan Coe's eleventh

novel. His previous ten novels are all published by Penguin and include the highly acclaimed bestsellers *What a Carve Up!*, *The House of Sleep* and *The Rotters' Club*. Perfect for fans of the classic *We're Going on a Bear Hunt*, this adventurous and endearing picture book follows a little boy searching high and low for his missing bear. Features a surprise ending! Where is Bear? Is Bear in the dresser? Is Bear in the bathroom? Is Bear on the swing? It's almost bedtime, and a little boy can't seem to find his beloved Bear! Children will love joining in the irresistible search for Bear and finding where he is on every page . . . and they will love the surprise ending even more! The bestselling author of "West of Here" proves that the long road home can sometimes be elusive and heartbreaking, but with a friend in the passenger seat, you just might find your way. A dazzlingly inventive novel that explores the whole nature of storytelling and writing. A monumental new novel from the bestselling author of *Everything Is Illuminated* and *Extremely Loud and Incredibly Close*, Jonathan Safran Foer's *Here I Am* How do we fulfill our conflicting duties as father, husband, and son; wife and mother; child and adult? Jew and American? How can we claim our own identities when our lives are linked so closely to others'? These are the questions at the heart of Jonathan Safran Foer's first novel in eleven years—a work of extraordinary scope and heartbreaking intimacy. Unfolding over four tumultuous weeks in present-day Washington,

D.C., *Here I Am* is the story of a fracturing family in a moment of crisis. As Jacob and Julia Bloch and their three sons are forced to confront the distances between the lives they think they want and the lives they are living, a catastrophic earthquake sets in motion a quickly escalating conflict in the Middle East. At stake is the very meaning of home—and the fundamental question of how much aliveness one can bear. Showcasing the same high-energy inventiveness, hilarious irreverence, and emotional urgency that readers loved in his earlier work, *Here I Am* is Foer's most searching, hard-hitting, and grandly entertaining novel yet. It not only confirms Foer's stature as a dazzling literary talent but reveals a novelist who has fully come into his own as one of our most important writers. Shortlisted for the 2013 East Midlands Book Award *Entertaining Strangers* is a tragi-comedy about the eccentric Edwin Prince - a depressive intellectual obsessed with high culture and ants - and the mysterious, homeless narrator Jules, who gradually unravels Edwin's impossible relationships with his landlady, neurotic mother, psychotic brother, domineering ex-wife, dead grandfather and, above all, his ant-farm. At the same time, Jules continually experiences traumatic memories full of fire and water, and gradually a terrible pre-history emerges from beneath all of the other stories, which seems somehow to shape both Jules's fiery dreams and Edwin's obsessions - a great fire, massacre and one girl's drowning in

Smyrna, 75 years earlier. A young man arrives in the Ukraine with a tattered photograph, a bad translator, a man haunted by memories and an undersexed guide dog - he is looking for the woman who saved his grandfather from the Nazis. What they find turns all their worlds upside down. Poetry. Poetry on the move, yet always present. "Jonathan Hayes's T(HERE) is a polyphonic, polyvisual, mini-epic consciousness journey. This book is a great read for anyone with a wide-open mind, whether through years of Zen meditation, decades of scholarly philosophical investigation or a few really wild acid trips"--Mel C. Thompson. Who is this book for? Every agency owner, that doesn't have a wealth plan. Agency owners that don't have a plan that determines what the business may look like in 5 / 10 / 15 years. Agency owners that don't have a plan that allows them the freedom to move away from the business without worrying about the impact on their income. Agency owners that haven't got an exit plan. Removing yourself from the day to day plan should start right now. The sooner you start to think about this, the better outcome you'll have. In my work I have come across all kinds of agencies and agency bosses. They all have many things in common. Bearing in mind: Agencies are relatively easy businesses to start with little or no investment needed. But they are difficult to grow and hard to develop into decent sized businesses. And, virtually no one who owns an agency will be able to sell it for what it's worth to them. However, it can be

incredibly rewarding and tremendous fun building an agency. Let me help you. The Sunday Times bestseller from the author of Freedom and The Corrections Long-dead Lord Byron started it. The rock star of his age. But a poet with about as much relevance to the blood grudge struggle that marks modern life for most of humanity, as he has to the practice of sliding down snowy slopes on planks of wood. And yet, it was thanks to Byron that Itchy ended up living in Chamonix Mont Blanc, the death-sport capital of the world, among the high mountains and low morals. In the intervening years he has tried hard with alcohol and adrenaline to numb a past he can't atone for. Now a serial rapist is stalking Cham's tourist-thronged streets, haunting the same shadows as Itchy and triggering an obsession which will lead him far from Europe's zenith, to the depths of the valley and himself. The promise of Jonathan Trigell's first novel, Boy A, is fully realised in this evocation of the world of extreme sports, where the reckless violence of a callow man's life comes back to haunt him. 'His best novel yet ... A Middlemarch-like triumph' Telegraph In the fall of 1984, the Grand Hotel in the seaside town of Brighton, England, became ground zero for the attempted assassination of Margaret Thatcher. Nimbly weaving together fact and fiction, comedy and tragedy, here Jonathan Lee vividly reimagines those fateful days from the perspectives of three unforgettable characters—a young IRA bomb maker, the deputy hotel manager, and his

teenage daughter—whose lives will be changed forever by the Prime Minister's visit. "A beautifully rendered and cinematic portrait of a place and its evolution through time . . . A story of survival and the love and devotion between parent and child." —Jill McCorkle, author of Hieroglyphics Dave Cartwright used to be good at a lot of things: good with his hands, good at solving problems, good at staying calm in a crisis. But on the heels of his third tour in Iraq, the fabric of Dave's life has begun to unravel. Grippled by PTSD, he finds himself losing his home, his wife, his direction. Most days, his love for his seven-year-old daughter, Bella, is the only thing keeping him going. When tragedy strikes, Dave makes a dramatic decision: the two of them will flee their damaged lives, heading off the grid to live in the wilderness of the Pacific Northwest. As they carve out a home in a cave in that harsh, breathtaking landscape, echoes of its past begin to reach them. Bella retreats into herself, absorbed by visions of a mother and son who lived in the cave thousands of years earlier, at the end of the last ice age. Back in town, Dave and Bella themselves are rapidly becoming the stuff of legend—to all but those who would force them to return home. As winter sweeps toward the North Cascades, past and present intertwine into a timeless odyssey. Poignant and profound, Legends of the North Cascades brings Jonathan Evison's trademark vibrant, honest voice to bear on an expansive story that is at once a meditation on the perils of isolation

and an exploration of the ways that connection can save us. At the foot of the Elwha River, the muddy outpost of Port Bonita is about to boom, fueled by a ragtag band of dizzyingly disparate men and women unified only in their visions of a more prosperous future. A failed accountant by the name of Ethan Thornburgh has just arrived in Port Bonita to reclaim the woman he loves and start a family. Ethan's obsession with a brighter future impels the damming of the mighty Elwha to harness its power and put Port Bonita on the map. More than a century later, his great-great grandson, a middle manager at a failing fish-packing plant, is destined to oversee the undoing of that vision, as the great Thornburgh dam is marked for demolition, having blocked the very lifeline that could have sustained the town. West of Here is a grand and playful odyssey, a multilayered saga of destiny and greed, adventure and passion, that chronicles the life of one small town, turning America's history into myth, and myth into a nation's shared experience. Can desire really transform reality? From award-winning novelist Jonathan Coe and distinguished Italian artist Chiara Coccoresse comes *The Broken Mirror*, a political parable for children, a contemporary fairy tale for adults, and a fable for all ages. One day Claire, to escape her quarrelsome parents, takes refuge in the dump behind her house. There she finds a broken mirror, a nasty piece of sharp glass... yet she is strangely drawn to it. She soon discovers it has the power to transform even the most drab reality into a

fairy-tale world: the grey sky is reflected blue, and Claire's modest, suburban house is transformed into the most beautiful castle. As Claire grows older, always accompanied by her magic mirror, she can see her face without her teenage acne, and her town before it fell victim to thieving property developers. But, in reality, libraries are being turned into luxury flats wherever she looks, and the boy Claire loves is instead her worst enemy. Frustrated and angry with the mirror's illusions, Claire is about to destroy it when the mysterious Peter steps in: he has also found a shard of broken mirror, and so begins their journey to piece together the larger puzzle... Previously published in Italian, French, Greek and Dutch, *The Broken Mirror* comes to life in English for the first time, to be read with equal pleasure by children and adults. The phenomenal bestselling novel, in a new tie-in edition to the major seven-part BBC TV series costarring Bertie Carvel (*Les Misérables*) and Eddie Marsan (*War Horse*). At the dawn of the nineteenth century, two very different magicians emerge to change England's history. In the year 1806, with the Napoleonic Wars raging on land and sea, most people believe magic to be long dead in England--until the reclusive Mr. Norrell reveals his powers, and becomes a celebrity overnight. Yet the cautious, fussy Norrell is challenged by the emergence of another magician, the brilliant novice Jonathan Strange. Young, handsome, and daring, Strange is the very opposite of Norrell. He becomes Norrell's

student, and they join forces in the war against France. But Strange is increasingly drawn to the wildest, most perilous forms of magic, straining his partnership with Norrell, and putting at risk everything else he holds dear. Set against such iconic backdrops as the California gold rush, the development of the transcontinental railroad, and a speeding train of modern-day strangers forced together by fate, it is a grand entertainment that asks big questions. The characters of Small World connect in the most intriguing and meaningful ways, winning, breaking, and winning our hearts again. In exploring the passengers' lives and those of their ancestors more than a century before, Small World chronicles 170 years of American nation-building from numerous points of view across place and time. And it does it with a fullhearted, full-throttle pace that asks on the most human, intimate scale whether it is truly possible to meet, and survive, the choices posed—and forced—by the age. The result is a historical epic with a Dickensian flair, a grand entertainment that asks whether our nation has made good on its promises. It dazzles as its characters come to connect with one another through time. And it hits home as it probes at our country's injustices, big and small, straight through to its deeply satisfying final words. It All Starts Here is a thorough, funny, engaging, challenging, and biblical walk-through of what it means to follow Christ specifically designed for the new believer. No longer do youth pastors and church leaders need to leave the

new believer with the “now what?” question still lingering in their mind after they’ve made that important decision. With this resource you can know that they are walking through the gospel message and basic Christian beliefs on a 31-day journey that will cover the kind of topics that would take months of sermons to cover. It isn't a dystopia. It isn't a utopia. It's just what happens when much of what we take for granted - cars, guns, computers, and airplanes, for starters - stops working... Before the Arrest, Sandy Duplessis had a reasonably good life as a screenwriter in L.A. An old college friend and writing partner, the charismatic and malicious Peter Todbaum, had become one of the most powerful men in Hollywood. That didn't hurt. Now, post-Arrest, nothing is what it was. Sandy, who calls himself Journeyman, has landed in rural Maine. There he assists the butcher and delivers the food grown by his sister, Maddy, at her organic farm. But then Todbaum shows up in an extraordinary vehicle: a retrofitted tunnel-digger powered by a nuclear reactor. Todbaum has spent the Arrest smashing his way across a fragmented and phantasmagorical United States, trailing enmities all the way. Plopping back into the siblings' life with his usual odious panache, his motives are entirely unclear. Can it be that Todbaum wants to produce one more extravaganza? Whatever he's up to, it may fall to Journeyman to stop him. Written with unrepentant joy and shot through with just the

right amount of contemporary dread, The Arrest is speculative fiction at its absolute finest.
